Proposition 301

District-reported 2007 results

Teacher pay

- On average, each teacher earned an additional \$2,508.

Performance

- The District accomplished its goals, which were based on district performance.
- Students' standardized test scores improved.
- Teachers received satisfactory performance evaluations, attended committee and mentoring workshops and extracurricular activities, and participated in professional development activities focused on math, reading, and ELL certification.
- The results of a survey showed that parents are satisfied with the District's performance.
- Parents participated in monthly activities, such as potluck dinners and principals' socials.
- Teacher and student attendance improved.

Menu

- Monies were used to pay 4 teachers to attend trainings on technology and state standards and earn college credits.
- Monies were also used for AIMS intervention. According to the District, by using technology to enhance student knowledge, AIMS test scores increased.
