# **Proposition 301**

#### District-reported 2004 results

Because its attending student information, which is the basis for Proposition 301 distributions, was not available in time, ADE did not pay any Proposition 301 monies to the District in fiscal year 2004. However, the District is anticipated to receive fiscal year 2004 monies in fiscal year 2005 once data issues are resolved.

The District has very few students and in past years received only a small amount of Proposition 301 money. The District received a total of \$1,183 in the previous 2 years, and has not spent any of these monies. Unspent monies will continue to be available to the District for future spending.
