Proposition 301

District-reported 2005 results

Teacher pay

 On average, each teacher and counselor earned \$3,700 in additional salary.

Performance

- The District accomplished most of its goals, which were based on school and individual performance.
- Elementary-school students showed language growth.
- Middle-school students improved language arts scores on district assessments.
- High-school students improved persuasive writing skills.
- Most teachers participated in professional development, committee involvement, teacher mentoring, after-school tutoring and extracurricular activities, and improved parent contacts.

Menu

- Monies were used primarily to increase eligible employee compensation.
- A 5th-grade teacher was hired to reduce class size from 33 to 26.
- AIMS intervention activities included algebra tutoring for high school students, and part of its dropout prevention efforts.
