Note 1 - Summary of significant accounting policies

The annual expenditure limitation report (AELR) is presented as prescribed by the uniform expenditure reporting system (UERS), as required by Arizona Revised Statutes (A.R.S.) §41-1279.07. The AELR excludes expenditures, expenses, or deductions of certain revenues specified in the Arizona Constitution, Article IX, §20, from the total expenditures, expenses, or deductions reported in the fund financial statements.

In accordance with the UERS, a note to the AELR is presented below for any exclusion claimed on part II and each subtraction or addition in the reconciliation that cannot be traced directly to an amount reported in the fund financial statements. All references to financial statement amounts in the following notes refer to the statement of revenues, expenditures, and changes in fund balances for the governmental funds; statement of revenues, expenses, and changes in fund net position for the proprietary funds; statement of cash flows for the proprietary funds; and the statement of changes in fiduciary net position for the fiduciary funds.

Note 2

The exclusion claimed for debt service requirements in the governmental funds consists of principal retirement and interest expenditures on beneficial interest certificates of \$4,874,513 and capital leases of \$147,974, for a total of \$5,022,487.

Note 3

The exclusion claimed for dividends, interest, and gains on the sale or redemption of investment securities of \$1,897,389 in the governmental funds includes investment earnings expended of \$53,838 in the general fund and interest on delinquent taxes expended of \$1,694,235, which was recorded as tax revenue. In addition, from the other governmental funds (both major and other), it consists of interest on investments of \$173,871 reduced by interest on investments of \$19,079 for the special assessment districts that were not included in the base limit, \$13 not allowed, and \$5,463 interest income on beneficial interest certificates monies.

Note 4

The exclusion claimed for trustee or custodian in the governmental funds consists of \$1,677,346 in county contributions to the Arizona Health Care Cost Containment System for acute care, uncompensated care, and administrative costs; and \$1,256,241 in expenditures made from anti-racketeering revenues reported as fines and forfeits in the governmental funds, for a total exclusion of \$2,933,587. In the fiduciary funds, the exclusion consists of \$250,447,733 in distributions to investment pool participants.

Note 5

The exclusion claimed for quasi-external interfund transactions in the internal service funds is the amount of expenses recorded in the internal service funds for revenues received for services provided to governmental funds. The exclusion claimed for quasi-external interfund transactions in the governmental funds is the amount of expenses recorded, equal to the revenues received for services provided to other governmental funds. The carryforward of \$14,147 represents the excess revenue over expenditures in the internal service funds.
