Laws 2024, HB2906, §23, indicates the governor and the Legislature intend that districts increase their total percentage of classroom spending over the previous year's percentages in the combined categories of instruction, student support, and instructional support.

In accordance with Arizona Revised Statutes (A.R.S.) §15-905(E), districts cannot make additions to the proposed budget total for the Maintenance and Operations or Unrestricted Capital Outlay Funds in their adopted budgets. Districts that have already proposed their budgets using the preliminary budget forms may adopt those budgets or use these final forms to repropose their budgets. Districts that adopt their budgets using preliminary budget forms may use these final forms to revise their budgets by September 15 in accordance with A.R.S. §15-905(Q). ADE will not accept budget revisions submitted on the preliminary budget forms. Districts must upload any revised forms through ADE's School Finance Budget System.
